WFM : WORK FOR MORE

The Guide

TOPIC TO BE COVERED

THE WHAT
THE WHY
THE HOW

What: WORK FOR MORE?

"WORK FOR MORE" is a monthly program ideated in a way to provide your employees that corner of their work time where they de-stress themselves from their hectic **"WFH: WORK FROM HOME"** schedule

Why: WFM?

Research shows that being 'always on' and accessible by technology while working from home leads to blurring work and non work boundaries. This leads to high stress levels and lower productivity when compared to work at office.

Work for more engages your employees to energize the start of their week and makes sure that they relax their weekends.

This in turn results in high productivity of employees in a very economical employee engagement approach.

HOW DO WE DO IT?

We engage your employee on a Monday morning with various enthusiastic programs and cool them off with de-stress programs to start of their weekend
